Dear Mr. Maxwell:

This letter is in response to your request for additional information dated February 13, 2002 and received by the Keep Our Majority PAC on February 19, 2002.

USchedule B, Line 21(b) discloses a payment to the National Republican Congressional Committee for Travel. This charge was assessed by the National Republican Congressional Committee at the "usual and normal charge" for this service. The NRCC charges for travel at a "commercially reasonable rate prevailing at the time the service was rendered," and the charges are determined through the NRCC's long standing internal procedures. No in-kind contribution has occurred.

¶All disbursements reported on Schedule B, Line 21b disclose the full address of the vendor, except for memo entries for credit card payments. These memo entries include the vendor name, city, state and purpose of disbursement. Although Commission regulations do not specifically require committees to report ultimate vendor detail for disbursements for credit card payments, in the interest of full disclosure, KOMPAC does itemize, as memo entries, vendors who have been paid more than \$200 in a calendar year.

¶You indicate, once again, that this report discloses limited payments for administrative costs. This report discloses over \$114,000 worth of administrative costs. Please refer to the responses filed to the last three requests for additional information and note that the Keep Our Majority PAC reports all administrative costs accurately and uses the funds expended method as is required. Furthermore, the Committee files a Schedule H1 with every FEC Form 3X.

¶The Keep Our Majority PAC currently uses Vocus software, which has been approved by the Federal Election Commission. The event-year-to-date totals for Administrative/Voter Drive is reported as one total on each report. The event-year-to-date totals for each fundraising event also are reported as one total on each report. The software is currently unable to produce a running total after each separate disbursement. Vocus has been contacted and is working with the FEC to make any corrections necessary. In reviewing the report, it appears as though one disbursement did not disclose the year-to-date total. An amendment to correct this has been filed electronically.

¶You indicate that contributions made to three campaign committees did not clearly disclose the election designation. An amendment to correct this has been filed electronically.

□Should you have any further questions, please feel free to contact me at 703-549-7705.

Sincerely,
